Dave,

Just to make sure we all have the same understanding, my recollection from the meeting a few weeks ago regarding TASC, was that you and Luis would be putting together an approach for us all to discuss prior to moving forward with this process. Can you confirm that this is what we was agreed upon?

Thanks,  
Nicole

Folks --

This just came in. We now have a formal request from a part of the city government of LA.

Luis is out of the office, but I'll be in touch with him when he gets back. Prior to his departure, he requested that the TASC contractor put together some elements for the SOW and the process piece, which I expect Luis will give to me after he's reviewed them.

---

August 5, 2009

The SANTA SUSANA MOUNTAIN AREA COMMITTEE (SSMAC) is pleased to announce that we have received the approval of our parent organization, WEST HILLS NEIGHBORHOOD COUNCIL (WHNC), and will request the educational

services available through the U.S. E.P.A. (T.A.S.C.) and the California E.P.A. (E.E.I).

These programs will add to our fund of general knowledge of environmental conditions and principles as well as specific information on local environmental problems.

As always, all are invited to join and participate in our meetings, the last Wednesday of each month.

Thank you,

Daniel Wiseman  
Chair, SSMAC
